

**CRDF GLOBAL  
REQUEST FOR PROPOSAL**

**Deadline: February 18, 2026**

**Summary:**

CRDF Global is seeking a team of subject matter experts to lead one, two-day, in-person crypto-focused cybersecurity workshop for up to thirty (30) public and private sector stakeholders, including: cybercrime investigators, judicial officials and prosecutors, computer emergency response team members, financial intelligence unit personnel, central bank officials, virtual asset licensing authorities, securities and fintech regulators, anti-money laundering compliance officers, government legal advisors on financial crimes, financial regulatory policy makers, and financial supervisory agencies from Mongolia. This workshop will focus on cybersecurity techniques to prevent and identify network compromises, Democratic People's Republic of Korea (DPRK) threats specific to the virtual asset service provider (VASP) and blockchain industry, pre-heist and post-intrusion cyber incident response, transaction monitoring, enhanced KYC due diligence and blockchain analytics, and threats and methodologies for detecting DPRK IT workers as well as applicable US and UN sanctions. Stakeholders will gain a comprehensive understanding of the threats posed by DPRK-affiliated cryptocurrency theft operations, as well as the tools, expertise, and personnel required to effectively safeguard their organizations. The training will also cover strategies for identifying and removing threat actors from networks, detecting malware, and developing and implementing enterprise-level cybersecurity measures to prevent future attacks. Both segments of the training will feature relevant case studies and incorporate interactive table-top exercises. The workshop will take place on March 31 - April 1, 2026, in Ulaanbaatar, Mongolia.

**Scope:**

The expert will carry out one, two-day, in-person workshop to strengthen key public and private stakeholders' abilities to counter DPRK virtual asset thefts and cyber operations through advanced investigative techniques and regulatory actions in Mongolia. The expert will provide specialized training for various audiences including law enforcement personnel (cybercrime investigators, prosecutors, computer emergency response team members), financial regulators, and other relevant public and private sector participants related to virtual assets services.

The expert will be engaged in all stages of the project, including workshop planning and coordination with CRDF Global, follow-up calls with participants, and submission of an after-action report. Travel expenses, including airfare, lodging and per diems will be covered by CRDF Global and should be excluded from proposal budgets.

The primary focus of the training will be on pre-intrusion cyber hygiene for cryptocurrency institutions, including crypto-specific cybersecurity techniques and best practices to prevent and identify network compromises; and understanding DPRK-specific threats specific to the Virtual Asset Service Provider (VASP) and blockchain industry. The SME should be able to take participants through both of these processes on a step-by-step basis.

The SME should be able to provide a high-level overview of cyber incident response, including containment and eradication before wallets are compromised as well as transaction monitoring, address freezing, and post-heist analysis. The SME should also be able to present enhanced KYC due diligence and the importance of using blockchain analytics tools to identify stolen cryptocurrency. Finally, the trainer should be able to speak to DPRK IT workers, including applicable US and UN sanctions, the threats they pose, and methodologies for detection.

Training topics may also include cyber incident investigation and response techniques, evidence preservation and collection for virtual asset investigations, international cooperation best practices for cross-border cyber cases, DPRK cyber threat vectors and attribution methodologies, virtual asset laundering mechanisms, policy frameworks for

strengthening national cybersecurity postures, industry engagement strategies, and jurisdiction-specific guidance development.

**Tasks and Deliverables:**

The selected experts will:

1. Develop, lead, and travel to one (1) two-days in-person workshop in Ulaanbaatar, Mongolia to deliver trainings on crypto-focused cybersecurity:
  - a. Agendas and curriculum outlines;
  - b. Presentations;
  - c. Training materials;
  - d. Interactive exercises, guided discussions and Q&A sessions;
  - e. Coordination with other experts and local partners, as needed;
2. The selected experts will engage in virtual check-ins throughout the duration of the contract to discuss project planning, updates, and coordination on training materials as needed.
3. CRDF Global will be responsible for participant and local partner recruitment but may request that experts leverage their networks and contacts to assist with recruitment and selection if needed.
4. Expert(s) will submit a brief after action report with feedback and recommendations on next steps using a template provided by CRDF Global following the workshops.

**Contractor Requirements:**

A successful proposal will highlight some of the following qualifications:

- experience delivering technical training to private sector compliance, fintech, or financial crime professionals on cryptocurrency, blockchain, and virtual asset risks;
- demonstrated understanding of crypto-specific cybersecurity, including wallet security, phishing risks, endpoint protection, and incident response protocols;
- knowledge of global AML/CFT standards applicable to virtual assets, including FATF Recommendation 15 and the Travel Rule, with practical application in compliance settings;
- experience localizing training materials and methods for Mongolian regulatory and technological contexts;
- familiarity with Mongolian data protection frameworks and the intersection with global privacy and cybersecurity requirements;
- demonstrated ability to develop and lead interactive, scenario-based workshops (in-person, hybrid, or virtual), including technical case studies and typologies;
- operational capacity to deliver training in English;
- capacity to conduct pre- and post-training assessments and produce reporting on participant learning and program impact;
- sensitivity to cultural and regional dynamics impacting training delivery across Mongolian contexts;
- flexibility and ability to respond to customer guidance and adapt training content or delivery approach accordingly;
- willingness and ability to travel and deliver in-person training sessions in Ulaanbaatar, Mongolia.

Successful proposals may come from experts with professional backgrounds in:

- Financial Crime Compliance (AML/CFT)
- Blockchain and Virtual Asset Regulation
- Cybersecurity and Threat Intelligence
- Data Protection and Privacy Law

- Fintech or RegTech Advisory
- Risk Management in Emerging Markets
- Cryptocurrency Investigations or Blockchain Forensics
- International Development and Capacity Building

**Proposal Requirements:**

- Statement of Interest and Technical Capabilities
- Cost proposal
- CV(s)
- List of recent experience in the RFP Subject Matter area and applicable references/past performance
- Any Small or Disadvantaged Business Designations (Veteran Owned, HUB Zone, Women Owned, Disadvantaged Businesses)
- [NAICS Codes](#): 541620 Environmental Consulting Services - Small Business Threshold \$15 million  
541690 Other Scientific and Technical Consulting Services - \$15 million

**Timetable:**

February 13, 2026: RFP Questions due  
February 14, 2026: RFP Questions & Answers released  
February 18, 2026: RFP submissions  
February 20, 2026: Contract start date

**Contractor Selection Criteria and Evaluation Methods:**

CRDF Global will select the contractor that provides the best value in terms of overall price and experience. The contractor should have proven experience working with the subject matter areas and audience described above.

Evaluation Factors:

1. Technical Approach
2. Key Personnel and Qualifications
3. Management Approach
4. Price/Cost
5. Small Business Utilization (if applicable):
6. Risk Management

Evaluation Methods

7. Best Value Trade-Off:

Evaluation Scoring Methodology:

Proposals will be evaluated based on the following scoring system:

8. Excellent (5): Exceeds all requirements and offers superior benefits.
9. Good (4): Meets all requirements with some additional value.
10. Acceptable (3): Meets all minimum requirements.

11. Marginal (2): Meets some requirements but has deficiencies.
12. Unacceptable (1): Fails to meet requirements.

**Submission:**

Proposals should be submitted to [procurement@crdfglobal.org](mailto:procurement@crdfglobal.org) with CC to [ylee@crdfglobal.org](mailto:ylee@crdfglobal.org) and [mahmad@crdfglobal.org](mailto:mahmad@crdfglobal.org) no later than 5:00 pm (EST) on February 18, 2026.

**Background:**

CRDF Global is an independent nonprofit organization founded in 1995 in response to the collapse of the Soviet Union and the threat of large-scale proliferation of weapons technology from the region. With support authorized by the Nunn-Lugar Act of 1991 and the Freedom Support Act of 1992, as well private foundation contributions, CRDF Global embarked on bolstering the global scientific community and fostering alternatives to weapons research.

In the past 25 years, our work has expanded to address ever-changing global concerns, but our commitment to ensuring the success of our partners remains the same. We are a leading provider of flexible logistical support, program design and management, and strategic capacity building programs in the areas of higher education, CBRNE security and nonproliferation, border security, cybersecurity, global health, technology entrepreneurship, and international professional exchanges.

With offices in Arlington, VA; Kyiv, Ukraine; and Amman, Jordan, CRDF Global's diverse staff and networks of local community and government stakeholders deliver tailored programs that meet specific regional needs in over 100 countries across the globe.

Vision Statement:

Our world, healthy, safe, and sustainable.

Mission Statement:

Safety, security, and sustainability through science, innovation, and collaboration.

Values:

We do the right thing.

We care about each other and the people we work with.

We work together to deliver excellence

CRDF Global provides fair and equal treatment to all qualified individuals and stakeholders. Our approach emphasizes professionalism, respect, and collaboration to ensure that all participants are valued and supported. We strive to maintain an environment that fosters mutual respect and constructive engagement.

**Solicitation Terms & Conditions:**

Right to Select Suppliers. CRDF Global reserves the right to negotiate with and select all qualified suppliers at its own discretion and is not obligated to inform suppliers of the methods used in the selection process. CRDF Global reserves

the right to dismiss any and/or all suppliers from the bid process and reject any and/or all proposals.

Obligation. This RFP does not bind nor obligate CRDF Global in any way. CRDF Global makes no representation, either expressed or implied, that it will accept or approve in whole or in part any proposal submitted in response to this RFP. CRDF Global may reward, in whole or in part, the proposal at its sole discretion.

Notification. CRDF Global will notify bidders following completion of the evaluation process, as to whether or not bidders have been awarded the contract. The only information regarding the status of the evaluation of proposals that will be provided to any inquiring bidder shall be whether or not the inquiring bidder has been awarded the contract. CRDF Global may, at its sole discretion, inform any inquiring bidder of the reason(s) as to why it was not awarded the contract.

Binding Period. Following the due date of submission of this Proposal, the pricing included in this RFP shall be binding upon the supplier for the duration of the contract.

Hold Harmless. By submitting a response to the RFP, bidder agrees that CRDF Global has sole discretion to select any and/or all suppliers. During or following the conclusion of this process, bidders waive their rights to damages whatsoever attributable to the selection process, materials provided, supplier selection, or any communication associated with the RFP process and supplier selection.

Transfer to Final Contract. The terms and conditions of the RFP, including the specifications and the completed proposal, will become at CRDF Global's sole discretion, part of the final contract (the "Agreement") between CRDF Global and the selected bidder. In the event that responses to the terms and conditions will materially impair a bidder's ability to respond to the RFP, bidder should notify CRDF Global in writing of the impairment. If bidder fails to object to any condition(s) incorporated herein, it shall mean that bidder agrees with, and will comply with the conditions set forth herein.

Exceptions. Any exceptions to the terms and conditions or any additions, which bidder may wish to include in the RFP, should be made in writing and included in the form of an addendum to the applicable Section in the RFP.

CRDF Global Proprietary Information. Supplier agrees that all non-public information contained in this document and communicated verbally in reference to this RFP by CRDF Global shall be received for the sole discretion and purpose of enabling the supplier to submit an accurate response to this RFP. The information contained in this RFP and disclosed during the course of negotiations and communications are proprietary in nature and under no circumstances to be disclosed to a third party without prior written consent from CRDF Global.

Supplier Proprietary Information. Information contained in the response to this RFP will be considered proprietary in nature if marked "confidential" or "proprietary". Such marked documents will not be disclosed to third parties outside CRDF Global with the exception of retained consultants under contractual confidentiality agreements.
